

Installation Instructions for 15205 Dual-Feed Fuel Line Kits

BE CAREFUL - this part is manufactured with aluminum tubing and fittings which are more fragile than steel or brass components. **DO NOT OVERTIGHTEN THE THREADED FITTINGS!** Use a Teflon thread sealing compound to avoid leaks and to guard against galling of the threads. Make sure the clamps on the length adjustment have been properly tightened.

WARNING!

Check for leaks before starting your vehicle. Take precautions when working with gasoline - It is a fire hazard and is potentially explosive.

15205 Fits all Holley dual-feed carburetors
