

CSS730 – Coil Spring Seat Adapter for BMR Coil-over K-Members

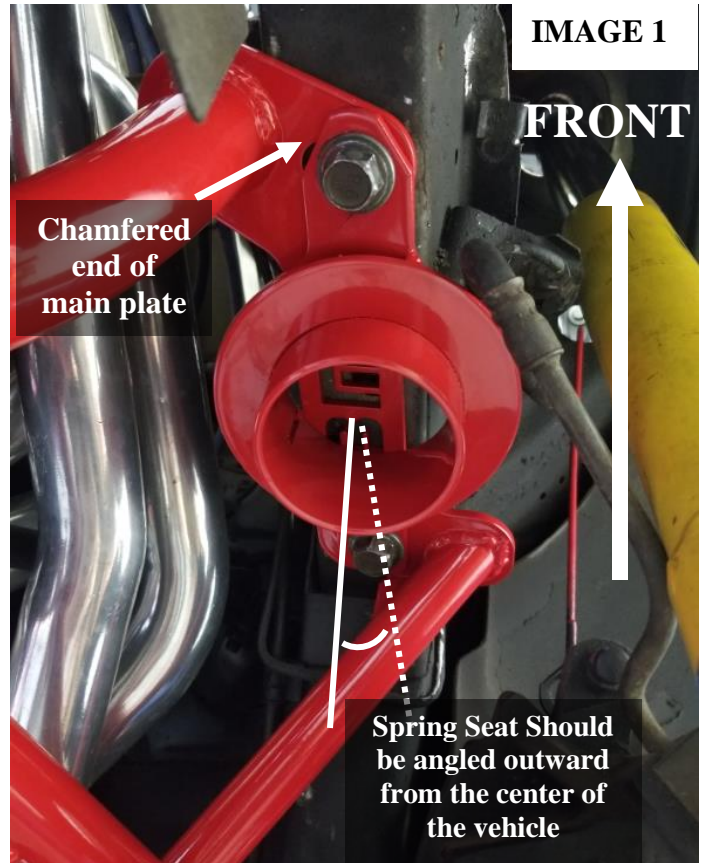

Tools required:

- Hydraulic jack and jack stands (a lift is recommended)
- Socket set with extensions
- Basic hand tools

Installation:

(NOTE: It is assumed that you already have your BMR K-Member installed, if you require instructions for disassembly, please reference the supplied BMR K-Member instructions or visit BMRsuspension.com for more information)

- 1) With the engine, transmission and K-Member supported, install the spring seats as shown in IMAGE 1. *The chamfered end of the main plate should point forward as shown and the Spring Seat should be angled outward.*
- 2) Torque main the four (4) main bolts to 110ftlbs
