UPPER CLASS SERIES BUMPER OVERLAY

Recommended Tools:

10mm Socket or Wrench

Parts List / Hardware:

2	Mesh Bumper Insert	2	10/32 Nylon Lock Nuts
2	½' x ½' L Brackets		
2	#10 Flat Washers		

Read and understand instructions before attempting installation

Step 1

Center the mesh grille into bumper openings from the front side. From behind the bumper; locate the two studs welded to the grille inserts. On each stud; place an L bracket, flat washer, and a nylon lock nut. Make sure that the brackets wrap around the factory plastic and hold snug to prevent slipping.

*Thank you for purchasing your T-Rex billet grille.
