## **2007-08 GMC YUKON** **X-METAL SERIES BUMPER**

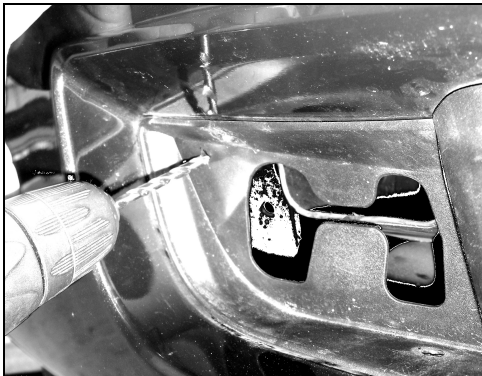

### **Recommended Tools:**

Phillips  
Drill & 1/8" Drill Bit  
5/16" Wrench

### **Parts List / Hardware:**

1 Upper Class Series Grille  
4 6-32 Nylon Lock Nuts  
4 #10 Flat Washers

### **Read and understand instructions before attempting installation**

### **Step 1**

Remove the license plate from the vehicle. Test fit the grille in front of the opening. Scribe the mounting studs to the opening. Drill a 1/8" hole at each mark.

### **Step 2**

Re-center the grille. Slide the studs into the holes. Hold in place; from behind the bumper, secure the mounting studs using the nuts and washers supplied.

### **Step 3**

The license plate may be re-installed to the bumper cover (above the lower grille). Use the license plate as a template to drill new holes into the bumper cover. Use the factory screws to attach.
