JEG'S ALUMINUM INTERIOR KIT

- #40503 compact
- #40504 intermediate
- #40505 full size

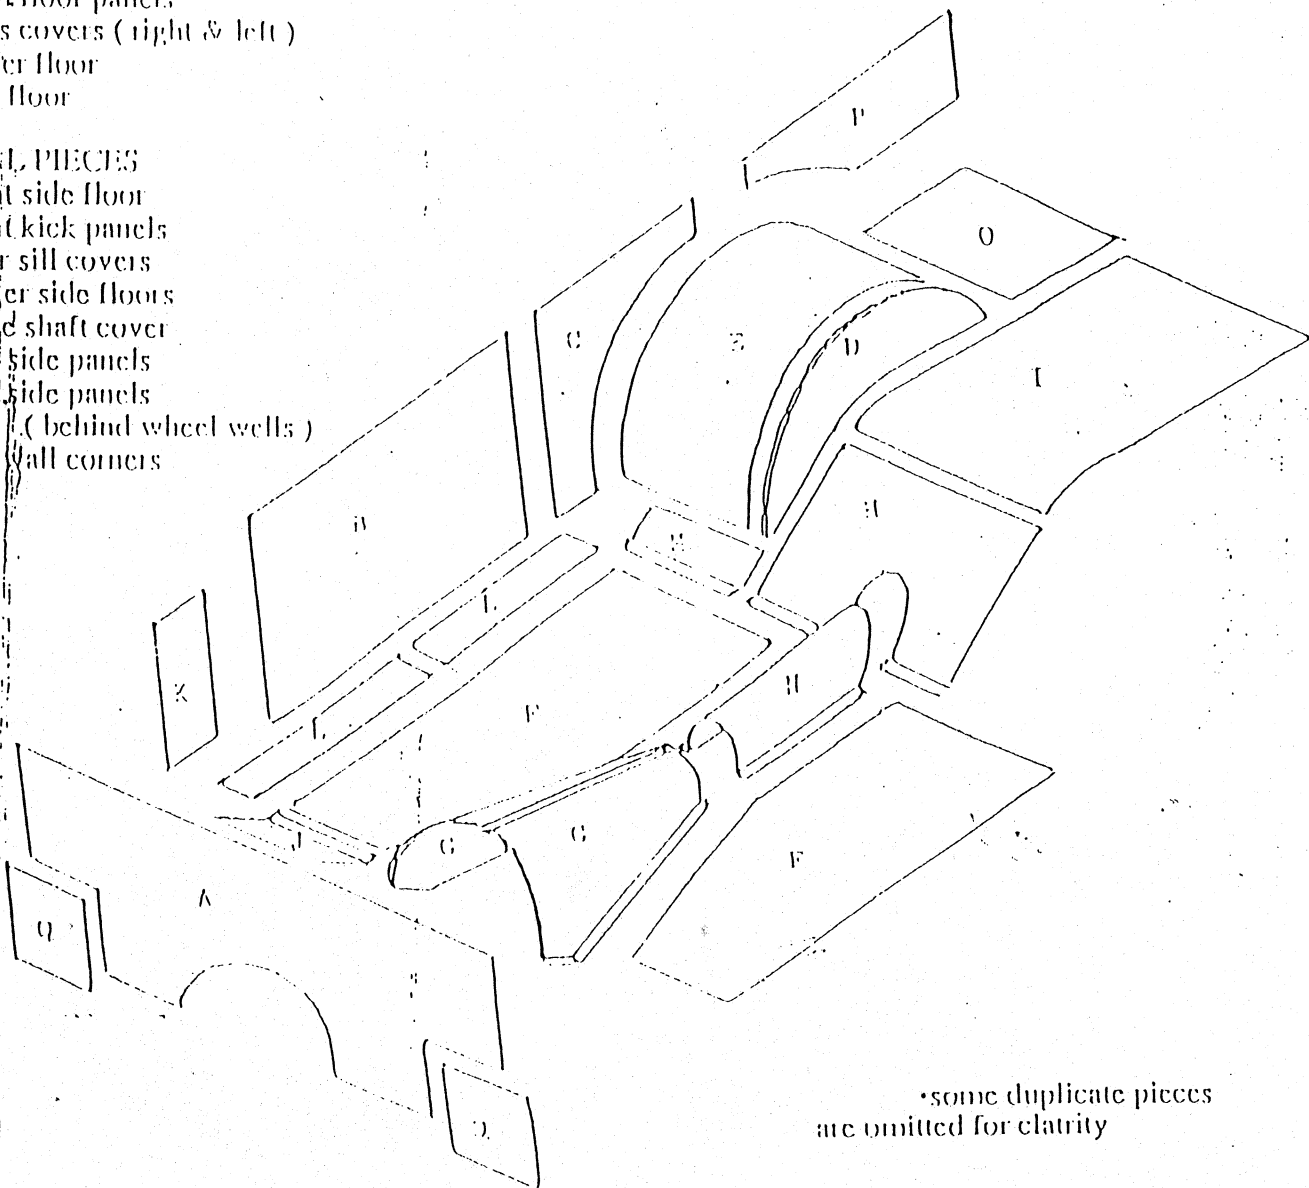

These interior kits are designed for use with Jegster kit cars. They are of universal design however, and may be adapted to almost any door slammer drag race car. All pieces are cut oversize to allow custom fit to your car. The fit markings on some pieces are general guidelines only and should not be used for trimming or bends.
