

Installation Instructions for 81554 Adjustable Face Shield

Please be sure all pieces are included before assembly.

Pieces include: (1) Clear Shield, (1) Crown, and (1) Ratcheting Headgear

- Unscrew knob from one side of the ratcheting headgear.
- Attach crown, be sure the front of the crown and the front of the ratcheting headgear are on the same side.
- Screw knob back into place.
- Repeat on the opposite side.
- Turn the five small locks on the crown to a horizontal position.
- Remove protective liner from the front and back of clear shield.
- Begin attaching clear shield in the center of the crown.
- Match oblong hole in the clear shield with the center lock found on the front of the crown.
- Once together turn lock to vertical position.
- Move to the left or right and match up the oblong holes with the locks on the crown and turn locks to a vertical position to keep clear shield in place.
- Adjust for your comfort.
- Enjoy safety and comfort.
