

K&N Filtercharger[®]

INSTALLATION INSTRUCTIONS

FREE K&N DECAL** To register your warranty, please see us online at knfilters.com/register. **FREE K&N DECAL

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedure **MUST** be followed to ensure a proper fit and seal of the K&N Filtercharger[®].

- 1) Remove the old filter.
- 2) Wipe any dirt out of the lid or base. The airbox must be clean and dry so that the gasket will stick to it.
- 3) Apply the self-sticking gasket around the edge of the filter opening.
- 4) The oiled K&N filter is now ready to be installed.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
