

Installation Instructions

Part Number E-2984

This filter fits: See catalog for current applications

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedure **MUST** be followed to ensure a proper fit and seal of the K&N Air Filter.

Installation

1. Remove the stock air filter.
2. Carefully clean inside the air box.
3. Apply a small bead of the provided K&N Sealing Grease to the inside diameter of both sides of the K&N Air Filter. (Fig. 1)
4. Install the K&N Air Filter into the air box.
5. Reinstall the air box lid and fasten the clips.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
