

## Lighted Tire Pressure Gauges

**89582, 0-15 psi**

**89583, 0-60 psi**

**89587, 0-100 psi**

### FEATURES

- Illuminated Dial Face
- Momentary Light Switch
- Battery Included and Installed
- Air Pressure Relief Valve
- Hardened Swivel Chuck
- Shock Resistant Cover

### OPERATING NOTES

- To illuminate face, press the protruding button in the gauge cover downward into the gauge, not side-to-side.
- To reduce air pressure in the tire, press the air release valve in the gauge-to-hose fitting. Release button to obtain new pressure reading.

### REPLACEMENT PARTS

Battery: 9 Volt  
 Hose Assembly: P/N 89552120  
 Shock Resistant Cover: P/N 89585110

### WARNING

Never over-pressurize the gauge. Doing so will affect the calibration and void the warranty.

### WARRANTY INFORMATION

All gauges have a 90-day warranty directly with Moroso Performance Products. In order to be covered, the gauge must be registered for warranty consideration. To register gauge, complete the warranty card, attach a copy of the store receipt, and return directly to the address below.
