

INSTALLATION INSTRUCTIONS

P/N 89590 - TIRE PRESSURE GAUGE COVER

1. Remove the hose from the gauge by unthreading the chrome pressure release fitting from the bottom of the gauge.
2. Very lightly coat the inside of the rubber gauge cover with a silicone lubricant, to facilitate assembly.
3. Insert the gauge's hose fitting through the square hole in the side of the gauge cover first, then push the cover up and over the rest of the gauge.
