

4L60E-PR

New Valve has longer lands on the outboard end.
This adds support for a worn Pump casting.

4L60E-RPR-OS will be available soon for badly worn bores .

Pump Stator

Regulator Valve

New Spring Seat

Step 1.

Always use New Spring Seat and New Orange Bumper Spring with this New PR Valve.

This land is purposely made under sized to provide additional lube.

New ORANGE Bumper

Step 2.

Reuse Main Regulator Spring.
If using this Valve with any other TransGo Kit use the Spring provided in that Kit.

Boost Valve

Snap Ring
