Backorder Policy

Even with our large inventory, backorders can occur. If this happens, we make every effort to cross-reference the part to a comparable manufacturer's line. If that is not an option, and you must wait for a part, we will not invoice you until that part is shipped to you. If the backordered item happens to be part of a larger order that has already been shipped to you, we'll pay the handling on that backordered part. All backorders are ground shipped. Note: Product availability and shipping times may vary with manufacturers. If you have any questions about your order, call us at 1-800-345-4545.

Overseas Orders

To place an order from outside the US or Canada, call 1-614-294-5050, or visit our web site for convenient ordering at jegs.com.

Warranties/Damaged

Inspect your shipment upon arrival! Report any damage or shipping related breakage immediately to the carrier. Used items still under manufacturers warranty may have to be inspected by a factory representative before a refund or exchange can be authorized.
