Backorder Policy

Even with our large inventory, backorders can occur. If this happens, we make every effort to cross-reference the part to a comparable manufacturer's line. If that is not an option, and you must wait for a part, we will not invoice you until that part is shipped to you. If the backordered item happens to be part of a larger order that has already been shipped to you, we'll pay the handling on that backordered part. All backorders are ground shipped. Note: Product availability and shipping times may vary with manufacturers. If you have any questions about your order, call us at 1-800-345-4545.

International Orders

We make ordering easy. Your order will be held until all items are in stock to save additional shipping charges. If you would like the available items shipped with additional charges please contact us. If you prefer to place your order by phone, our tech sales staff is available 24/7 @ +1-614-294-5050 or by fax @ +1-740-362-7017. Inspect your shipment upon arrival! Report any damage or shipping related breakage immediately to the carrier. Used items still under manufacturers warranty may have to be inspected by a factory representative before a refund or exchange can be authorized.
