Instructions:

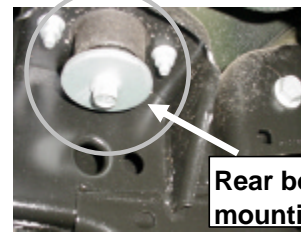

Approximate installation time: 30 min.

1. Before beginning the installation, please read all directions carefully and verify all necessary hardware is accounted for. If any parts are missing, stop the installation and contact your distributor immediately.
2. Locate the body mountings. **See image 1.**
3. Loosen the bolts using the 18 mm socket and ratchet. **Note:** Do not remove the bolt completely, just loosen enough to slide the brackets. **See image 2 & 3.**
4. Place the brackets sliding into the body mounting. Repeat for the opposite side. Leave loose.
