

**Installation Instructions for 20199
Adjustable Rocker Arm Shaft Assembly
Ford FE 330, 360, 361, 390, 391, 410, 428**

1. Back off adjusting screw until ball is just about to touch underside of rocker arm.
2. Apply 2 to 3 drops of red threadlocker (see arrows) to adjuster screw on topside.

3. Adjust rocker arm adjusting screw for proper valve lash.
