20122 Alternator Rear Support Bracket

Installing the 20122-A Rear Alternator Support Bracket.

Use two (TP3-.400) Spacer Tubes between the bracket and the water pump.

Install with two 3/8 x 3" SHCS (S266) .

Mount the main front Alternator Bracket and install the Alternator between the front and rear brackets. Use the provided 3/8 x 2-3/4" SHCS (S264) to mount the Alternator between the two brackets.
