INSTALLATION INSTRUCTIONS**

No. 72160 - 7-9mm, Blue
No. 72161 - 7-9mm, Red
No. 72162 - 7-9mm, Yellow
No. 72163 - 7-9mm, Black

No. 73160 - 11mm, Blue
No. 73161 - 11mm, Red
No. 73163 - 11mm, Black

High-temperature Wire Separators keep spark plug wires evenly spaced and protected from hot engine components. Can be used individually or as replacements for Moroso Loom Kits.

Part Nos. 72160-72163 Fits: Moroso and other plug wire from 7 to 9mm in diameter. Slight modifications required to fit larger diameter wire or wire fitted with insulating sleeve.

Part Nos. 73160-73163 Fits: Moroso 11mm plug wire and wire fitted with insulating sleeve.

Parts List

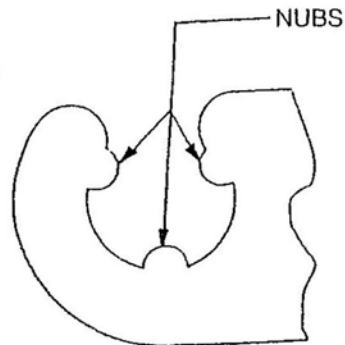

2 - 2-hole separators 2 - 3-hole separators 2 - 4-hole separators

1. Use appropriate 2-, 3- or 4-hole separators at any location between the distributor and spark plugs to keep wires away from hot engine parts and other potential trouble spots.

NOTE: To achieve a more secure routing formation use Moroso Loom Kits, which include chrome mounting brackets, looms and separators.

2. Wires simply "snap" into place -- a silicone spray lubricant helps ease the wires into the openings.

3. When using part Nos. 72160-72163 on wire larger than 9mm or Moroso Insulating Sleeve, use a file to remove the "nubs" formed into the wire openings of the plastic looms/separators.

**MOROSO PERFORMANCE PRODUCTS, INC.
LIMITED WARRANTY**

If received within 90 days from the date of purchase and accompanied by a sales slip, Moroso Performance Products, Inc. will repair or provide a replacement for any part packaged on this board, which on careful inspection, is found to have defects in either materials or workmanship. This warranty does not cover damage to engine or other parts, labor, personal injury or other damage or injury.

This warranty is expressly in lieu of any other express or implied warranties, including any warranty of merchantability or fitness and of any other obligation on the part of Moroso Performance Products, Inc.
