

Factory Performance™ Parts

INSTALLATION INSTRUCTIONS – 100% NEW Alternators (Absolutely NO Rebuilt Components)

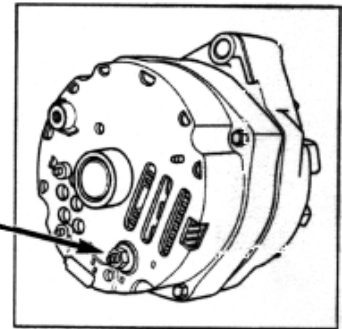

Thank you for purchasing this alternator. You can depend upon the reliability and consistency of an alternator that is entirely new, while enjoying the affordability of a rebuilt unit. No longer is there reason for compromise. Each PROFORM unit is individually computer-tested and supplied with its own Quality Assurance graph documenting the unit's performance.

Easy one wire hook-up for hard-to-wire automobiles, trucks, and boats

Here is the space-age answer to those hard to solve alternator replacement problems. Just mount this unit so that the pulley Rotates and run a 10-gauge wire from the battery (positive terminal) to the back of the alternator. **That's it!** Dependable regulated 12-volt power ready to use.

<Paste Graph Here>

*Attach 10-gauge
hot here and
it is ready to
supply electricity.*

NOTE: If you experience charging problems after installing, bring RPMs up to 2,500. This will activate the regulator.
