ALTERNATOR for Hard-to-wire Automobiles! Easy One-Wire Hook-up!

Here is the space-age answer to those hard to solve alternator replacement problems. Just mount this unit so that the pulley rotates and run a 10-gauge wire from the battery (positive terminal) to the back of the alternator. **That's it!** Dependable regulated 12-volt power ready to use.

HOT ROD...CUSTOM CAR...FOREIGN CAR

OLD TRACTOR . . . OLD BOAT

No problem. One wire hook-up and ready to go! Internally regulated alternators come in 60, 80, 100 and 140 amp models

12 VOLT POWER 1 WIRE HOOK UP

***Note - If you experience charging problems after installing, bring RPM's up to 2,500 this will activate regulator.**
