

The most accurate way to identify which transmission is in your Mustang is visually. Each transmission has a unique drain plug location that makes them easy to identify.....

For T-5/T-45 equipped vehicles. The drain plug is located on the passenger side of the transmission. (555-7353)

For TR3650 vehicles the drain plug is directly on the bottom of the transmission pointing at the ground. (555-7363)
