GM Powertrain Warranty Form

To retain the safety and dependability built into this product, it is essential that your product receives the scheduled maintenance at the recommended intervals contained in your vehicle Owner's Manual/Maintenance Schedule* or GM Chevrolet Performance Engine Instruction Sheet. Since emissions-related components vary by model and engine application, you should follow the emissions maintenance recommendations also contained in your vehicle’s manuals.

Maintenance services should be performed by an authorized GM dealer or other qualified Independent Service Center (ISC).

Performance Parts, Transmissions, Short Block Assemblies & Components

1. Parts and labor warranty when installed by a GM Dealer or qualified installing Independent Service Center (ISC).
2. Parts and labor warranty when sold over the counter and REPAIRED by a GM Dealer or qualified installing Independent Service Center (ISC), on-highway applications only. Parts only warranty when consumer repaired or when installed in non-highway application. Coverage limited to defects in material and/or workmanship of the specific part only.
3. Includes Allison 1000 Series assemblies sold through GM Dealers.
4. Engine upgrades require appropriate associated parts to ensure proper engine and transmission cooling and torque capacity, fuel/air delivery and emission controls (upgrade example: 305 engine replaced with 350 engine).
5. Parts-only warranty when sold over the counter.
6. Must be installed in a "street legal" automotive application for use on public roads.
7. Warranty valid when all required components are installed on the same vehicle and purchased on one invoice.

This warranty does not cover:
- Damage due to improper installation, negligence, alteration (including changes to engine controls), accident, or improper use. Proper vehicle use is discussed in the vehicle Owner's Manual.
- Any vehicle that has been used for racing (on or off track), stunt driving, performance testing, or used under other extreme operating conditions.
- Any vehicle where the odometer has been disconnected or the mileage reading has been altered.
- Damage caused by lack of proper maintenance as described in the vehicle's original Owner's Manual/Maintenance Schedule, failure to follow Maintenance Schedule intervals, or failure to use or maintain proper type and levels of fluid, fuel, oil, and lubricants recommended in the Owner's Manual/Maintenance Schedule. Proof of proper maintenance is the owner's responsibility. Keep all receipts and be prepared to present them if questions arise about maintenance.
- Damage as a result of overheating, contamination or lack of lubrication.
- Damage caused by a turbocharger, supercharger, nitrous oxide, or similar product, which is not an approved Chevrolet Performance Part or Accessory.
- Racing engines and / or their components.
- Use of components in excess of maximum torque specification.
- Damage as a result of modification / replacement of torque converter that is part of transmission assembly.
- Loss of time, inconvenience, loss of use, or other economic loss.
- Vehicles registered and normally operated outside of the United States.
- This warranty does not apply to any unit installed under the General Motors New Vehicle Limited Warranty.

Documentation requirements:
The GM Dealer or Independent Service Center must be furnished with the purchaser's original repair order or sales slip (or dealer's photo copy) showing vehicle identification number, installation date and mileage. This warranty is transferable to subsequent owners, free of charge, by providing the above required documents to any purchaser of the vehicle in which the assembly/component was originally installed.

Obtaining repairs:
GM Dealer Installation - The GM Dealer who initially installed the assembly/component or any other GM Dealer may perform the repairs. You must allow a reasonable period of time for repairs following delivery of the vehicle to the GM Dealer.

Independent Service Center Installation - The Independent Service Center (ISC) that installed the assembly/component or any GM Dealer may perform repairs. Before any repairs can be performed under warranty by an Independent Service Center, the selling GM Dealer (or any GM Dealer) must first authorize needed repairs as a sublet service.

Towing - For GM Parts Engine, Transmission, and Transfer Case assemblies will be covered to the nearest GM Dealership or ISC who performed the installation, not to exceed $150.00, under the following conditions:
- The vehicle is inoperative.
- The failure was the result of the unit; not the installation.

*Chevrolet Performance Parts Engines and Transmissions are excluded.

Emergency Repairs (GM Dealers Only): Reimbursement to an owner for repairs performed by other than a GM Dealer will be considered when GM Dealer service was not available (e.g. weekends, evenings, etc.) or when repairs were made in a foreign country where warranty repairs by a GM Dealer are difficult to obtain.
