

CHECK IF THESE RAMPS WORK FOR YOUR VEHICLE

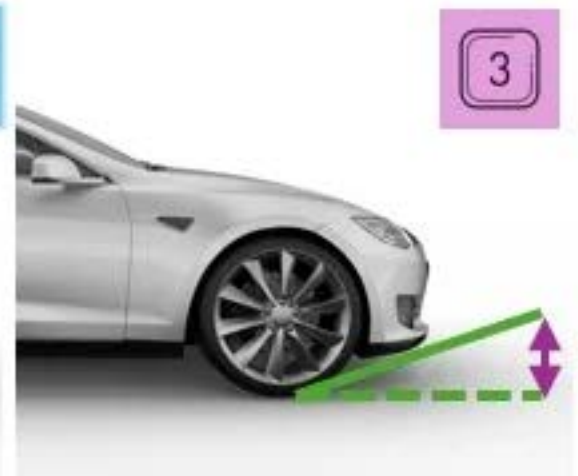

You will need 2 measuring tapes.

Using a rigid measuring tape, first place it in the middle of your front tire and extend the tape to the 36" mark.

Raise your rigid measuring tape straight up until it touches the underside of your vehicle.

Take your **SECOND** measuring tape and measure the vertical height from the ground to the 36" mark of the **FIRST** measuring tape.

Vertical Height	Minimum Angle
Less than 2"	< 3.1
2.0"	3.1
2.5"	3.9
3.0"	4.7
3.5"	5.5
4.0"	6.3
4.5"	7.1
5.0"	7.9
5.5"	8.7
6.0"	9.5
6.5"	10.4

Vertical Height	Minimum Angle
7.0"	11.2
7.5"	12
8.0"	12.8
8.5"	13.6
9.0"	14.4
9.5"	15.3
10.0"	16.1
10.5"	16.9
11.0"	17.7
11.5"	18.6
12.0"	19.4
