

INSTALLATION INSTRUCTIONS

MSD Universal Harness PN 8873

IMPORTANT: Read these instructions completely before attempting the installation.

WARNING: During installation, disconnect the battery cables. When disconnecting the battery, always remove the Negative cable first and install it last.

Parts Supplied

- 1 - 4-Wire Harness
- 1 - 2-Wire Harness with Orange and Black Wires
- 1 - 2-Wire Harness with Red and White Wires

The Universal Harness provides you with the ability to connect an MSD Ignition Control by only cutting two wires. Once the Harness is installed you will be able to easily bypass the MSD and return to the stock system with one connector. Figure 1 shows the wire functions of the Harness.

To install the Harness, mark the two wires going to the ignition coil (coil + and coil -) and cut them. Strip approximately 1/4" of sleeve from the wire ends and inset them into the harness's Perma-Seal connectors. Use Figure 1 for correct placement. Crimp the terminals using a crimp tool then apply a small amount of heat to seal the connection.

Service

In case of malfunction, this MSD component will be repaired free of charge according to the terms of the warranty. When returning MSD components for service, Proof of Purchase must be supplied for warranty verification. After the warranty period has expired, repair service is charged based on a minimum and maximum charge.

Send the unit prepaid with proof of purchase to the attention of: **Customer Service Department, Autotronic Controls Corporation, 12120 Esther Lama, Suite 114, El Paso, Texas 79936.**

When returning the unit for repair, leave all wires at the length in which you have them installed. Be sure to include a detailed account of any problems experienced, and what components and accessories are installed on the vehicle.

The repaired unit will be returned as soon as possible after receipt, COD for any charges. (Ground shipping is covered by warranty). All units are returned regular UPS unless otherwise noted. For more information, call the MSD Customer Service Line (915) 855-7123. MSD technicians are available from 8:00 a.m. to 5:00 p.m. Monday - Friday (Mountain Time).

Limited Warranty

Autotronic Controls Corporation warrants MSD Ignition products to be free from defects in material and workmanship under normal use and if properly installed for a period of one year from date of purchase. If found to be defective as mentioned above, it will be replaced or repaired if returned prepaid along with proof of date of purchase. This shall constitute the sole remedy of the purchaser and the sole liability of Autotronic Controls Corporation. To the extent permitted by law, the foregoing is exclusive and in lieu of all other warranties or representations whether expressed or implied, including any implied warranty of merchantability or fitness. In no event shall Autotronic Controls Corporation be liable for special or consequential damages.
