Part # 605V – Thrust Bearing for Thrustator Front Rotational Mount

USE OF THIS PRODUCT IS ACCEPTANCE OF SELLER'S DISCLAIMER OF WARRANTY!

By their very nature, competition components are constantly pushed to their limits. While our components are designed to withstand intense race conditions, it is impossible to control the quality of installation or the varying conditions in which they are used. It is for this reason that absolutely no warranty or guarantee is either written or implied. Neither the seller nor the manufacturer will be liable for any loss, damage, or injury – direct or indirect – arising from the use of or inability to determine the use of any product. Before using, the user should determine the suitability of the product for its intended use, and the user shall assume all responsibility in connection therewith. Spohn Performance, Inc. makes no guarantee as to the legality for any specific class. Spohn Performance, Inc. makes no claims, nor does it intend its products to be used in street driven vehicles. Spohn Performance, Inc. reserves the right to make changes in design or add to or improve on their product without incurring any obligation to install the same on product previously manufactured. The Buyer agrees to indemnify and hold Spohn Performance, Inc. harmless from any claim, action or demand arising out of or incident to the Buyer's installation or use of products purchased from Spohn Performance, Inc.

INSTRUCTIONS

When installing these bearings do NOT overtighten them when pressing them in or damage will occur. The best method is to lightly install one new bearing into each end of the Thrustator front mount and then install a 5/8" bolt and nut with the rotator plates in place (or flat washers) and tighten the nut to draw the bearings in until they are fully seated.

This 605V thrust bearing will fit the below Spohn Performance SKUs. Please reference the installation instructions for the specific SKU that you are working on for more detailed installation instructions.

SKU Fitments:

301, 301-PS, 301XM, 304, 304-PS, 304XM, 307, 307-PS, 307XM, 310, 310-PS, 310XM, 315, 315-PS, 315XM, 318, 318-PS, 318XM, 320, 320-PS, 320XM, 322, 322XM, 324, 324-PS, 324XM, 328, 328-PS, 328XM, 330, 330-PS, 330XM, 332, 332-PS, 332XM, 402, 402-PS, 402XM, 405, 405-PS, 405XM.
