Warranty does not include costs of removal, installation, labor, inconvenience or consequential damages. Original purchaser must return defective merchandise, along with the purchase receipt, to the original place of purchase.

FINISH PROTECTION AND CLEANING INSTRUCTIONS

Dee Zee products have a high quality finish that must be cared for like any other exposed finish on the vehicle. Protect the finish with a non-abrasive automotive wax, (e.g. Pure Carnauba) on a regular basis. The use of any soap, polish, or wax that contains an abrasive is detrimental to the finish, as the compounds scratch the finish and open it to corrosion. The use of a black automotive type touch up paint is recommended to cover up any rock chips that would be incurred during everyday use to help in the prevention of corrosion.
