

INSTALLATION INSTRUCTIONS

- Do not use power tools to install this product.
- No battery operated screw guns.
- The use of power tools during installation may void the product warranty.
- Do not overtighten.

INSTALLATION INSTRUCTIONS

- 1• Clean and open the hood. Note the two (2) protective rubber boots, as shown. Remove the protective rubber boots to reveal the grille retaining nuts.
- 2• Remove the three (3) inner retaining nuts. Loosen the two (2) outer retaining nuts. Carefully pull the grille forward to disengage the built-in retention clip. Retain the nuts and rubber boots for re-installation.
- 3• Position the Hood Protector in the grille recess, as shown. Ensure that the Hood Protector is centrally located in the grille recess.
- 4• Refit the grille to the hood, using the previously removed / loosened retaining nuts. Refit the rubber boots over the 2 originally noted studs.

To Clean: Use mild detergent and water solution. (Do **NOT** use solvents). Avoid the use of automatic "Brush Style" car washes. When closing the hood, do **NOT** pull on Hood Protector.
