

INSTALLATION INSTRUCTIONS

- Do not use power tools to install this product.
- No Battery operated screws guns.
- The use of power tools during installation may void the product warranty.
- Do not overtighten.

INSTALLATION INSTRUCTIONS

- 1 • Position **Hood Product** centrally over hood.
• Remove the six existing rubber seal retention plugs corresponding to six holes in **Hood Product** tags.
• Note the six holes corresponding to center slots in **Hood Product**.
- 2 • Insert plastic screw plugs into the six holes previously noted.
- 3 • Install **Hood Product** ensuring the raised boss of screw plugs locate within slots of **Hood Product** tags and that the existing rubber seal is installed over the outer side of the product.
- 4 • Secure **Hood Product** to hood using fixing screws provided. The sequence should be Hood, Screw Plug, Hood Product, Rubber Hood Seal and then Screw.

- Note: On vehicles with limited hood to grill clearance it may be necessary to adjust hood bump stops. (Refer to owners manual).

To Remove: Reverse above procedure.

To Clean: Use mild detergent and water solution. (Do **NOT** use solvents).

Avoid the use of automatic "Brush Style" car washes.

When closing the hood, do **NOT** pull on Hood Product.
