

INSTALLATION INSTRUCTIONS

- Do not use power tools to install this product.
- No battery operated screw guns.
- The use of power tools during installation may void the product warranty.
- Do not overtighten.

INSTALLATION INSTRUCTIONS

1. Clean and open the hood. Trial fit the **Hood Product** centrally onto hood. Note the three (3) holes in the hood corresponding to the three slots in the **Hood Product**. Remove **Hood Product**.
2. Install the screw plugs provided into the three (3) previously noted holes in hood, as shown. Ensure that the screw plugs do not rotate, by locating them correctly into the slots of the hood.
3. Refit **Hood Product** centrally onto hood, as shown.
4. Secure center hole first with small washer and screw, then secure two outer holes with large washers and screws.

To Clean: Use mild detergent and water solution. (Do **NOT** use solvents). Avoid the use of automatic "Brush Style" car washes. When closing the hood, do **NOT** pull on **Hood Product**.
