BILLET INSERT

2008-10 HONDA ACCORD COUPE **BILLET INSERT – 1 PC**

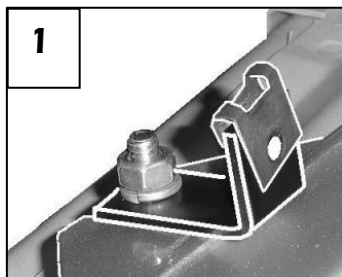

Tools Required:

Philips Screw driver
5/16 Socket or Wrench

Hardware / Parts Included:

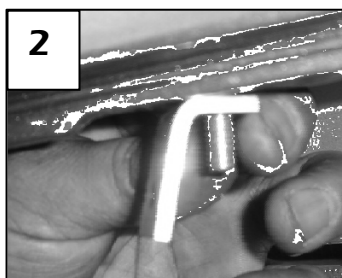

1	Billet Insert	4	¼" Flat Washers
2	Custom ½" L-Bracket	4	¼" Lock Washers
2	Custom ½"x ¾" L-Bracket	4	¼" Nuts
4	¼" Bolts	4	U Clips
4	1 ¼" Philips Screws		

Read and understand instructions before attempting installation

Step 1

Remove the plastic fasteners holding the motor cover in place. Remove the Plastic grille insert from the bumper.

Step 2

Locate the two longer L brackets. With the longer side lying against the bumper top; and the short side pointing up; take a bolt and flat washer combo and from the bottom place the bolt through the bumper plate and bracket [1]. Place a lock washer and nut on the bolt and hand tighten. Repeat this on the other side.

Locate the last two brackets. Place the short side of the brackets against the bumper plastic with the long side facing toward the front of the car. Place the bolt with the flat washer through the bumper, into the bracket and place the lock washer and nut on each [2]. Repeat on other side. Do not tighten hardware. On each of the brackets place a U nut [1].

Step 3

Center the new grille into the grille opening. From the front side of the grille place the screws through the grille brackets and into the mounting brackets. Tighten the screws till snug. Making sure that the grille is centered, tighten the nuts and bolts securing the grille to the vehicle.

Thank you for purchasing a T-Rex Billet Grille. 01/04/08
