BUMPER INSERT

Tools Required:

Phillips Screwdrivers

Hardware / Parts Included:

- 3 Billet Insert
- 6 #8 x 1.25" Screw (#6 Head)
- 6 #8 U-Nuts
- 6 1" J Hooks

Read and understand instructions before attempting installation

Step 1

Test fit the grilles into the bumper opening. Slide a u-nut onto each J-hook. Install a screw into each grille mounting hole. Hand thread each screw onto the J-hook and u-nut (start the threads and leave loose).

Step 2

Center one of the grilles in place. Use a screwdriver to secure the hardware. From behind the bumper, make sure the J-hooks wrap around the bumper opening. ***Thank you for purchasing your T-Rex billet grille. 12/31/07***
