**1 PC HOOD MESH GRILLE**

**Recommended Tools:**

Phillips Screwdriver  
Cleaner/Alcohol

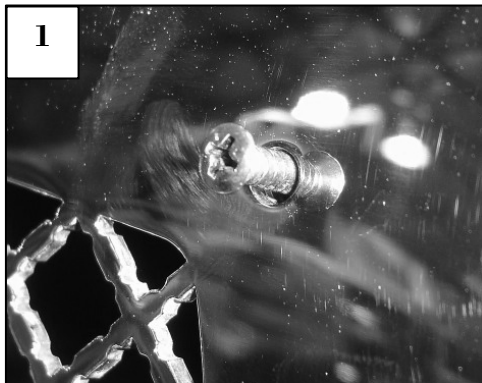

**Parts List / Hardware:**

1 Hood Mesh Insert  
4 #8 x 1 1/4" #6 Head Polished

**Read and understand instructions before attempting installation**

**Step 1**

Remove the factory hood side air cleaner intake grate. Using alcohol or two sided remover; strip all of the two sided tape from the opening.

**Step 2**

Place the grille into the hood side opening. Align the holes of the new insert with the factory clips in the hood. With the insert aligned; place the provided screws in each hole (1). Making sure that the insert is straight; tighten all of the hardware.
