Step 1

Open the hood and remove the factory plastic radiator cover and grille assembly. Now remove the factory grille shell; use a small screwdriver to pull the center from each fastener. Do not discard the fasteners. Release the four molded clips along the bottom of the grille.

Step 2

Center the grille in place. Use the brackets, nuts and washers to secure the grille. Make sure the brackets wrap around the edge of the bumper opening.

Step 3

Re-install the upper grille. ***Thank you for purchasing a T-Rex Billet Grille. 9/26/06***
