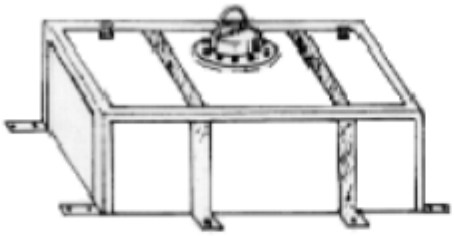
RACERS CHOICE INC.

RCI MOUNTING INSTRUCTIONS



RCI FUEL CELL

1. You must mount your RCI Fuel Cell to meet the rules of your classification

2. RCI Fuel Cells that are 22 gallons and larger must have a solid floor to support the weight of the fuel cell from distorting the shape of the cell.

3. The mounting of your RCI Fuel Cell can be made easier by using the RCI Strap Kit.

4. RCI recommends the removal of any sharp edges from aluminum or sheet sheet metal around the cell that may penetrate the fuel cell upon impact.
