NOTE: These tunes were optimized to work specifically with the SLP *PerformancePac* and the performance equipment included therein. SLP cannot guarantee compatibility of this product when used in conjunction with aftermarket performance equipment other than that which is included in the SLP *PerformancePac*, or specifically approved for use by SLP.

INSTALLATION INSTRUCTIONS – #M27050T

1. The SLP Custom Diablo Tuner for the 2005-2006 Mustang GT comes equipped with 8 different tunes. Each tune is specific for each modification made to your vehicle. Below is the list of tunes as they will appear on the screen when you choose performance tune. Next to each Tune name below will be its description, describing which modification the vehicle should have in order to use the tune. These descriptions will also be displayed on the handheld tuner after you select the tune. .
