

PARTS IDENTIFICATION

ITEM #	IMAGE	DESCRIPTION	QTY	SERVICE P/N	NOTES
1		Bosch Wide Band Oxygen Sensor	1	554-155	- Use of leaded fuel will degrade sensor. Prolonged use will require periodic replacement. - Mounting procedure below is critical for system performance
2		Clamp-on Oxygen Sensor Bung	1	Varies per Size (see page 8)	- Requires 3/4" hole to be drilled - Mounting procedure below is critical for system performance - In order to help prevent condensation in the exhaust from damaging the sensor, ensure that the sensor is installed with at least 10 degrees of vertical angle.
3		Coolant Temperature Sensor	1	543-120	3/8" NPT Threads – Adapters to 1/2" NPT are available - Must be installed in a coolant passage in either the intake manifold or cylinder head. Do not install in thermostat housing.
4		Sniper EFI Throttle Body Assembly	1	N/A	- Autolite 1100 Flange Sniper EFI Throttle Body - Includes ECU, fuel injectors, Manifold Air Pressure (MAP) sensor, Throttle Position Sensor (TPS), and an Idle Air Control Valve (IAC)
7		Flange Gasket	1	553-115	Gasket for mounting throttle body to intake manifold.
9		3.5" Touch Screen Controller	1	558-491	Includes harness to connect directly to CAN connector
10		Output Harness	1		Mates to Input/Output connector on Main Wiring Harness and can be used for A/C Shutdown, Electric Fan #1 Output, and/or Electric Fan #2 Output.
11		Main Harness and Ignition Adapter	1	558-490
