

GM Code Scanner Application Guide

- The CP9001 GM Code Scanner will retrieve engine and transmission trouble codes from most domestic GM & Saturn vehicles built from 1982 through 1993.
- Beginning in 1996, all GM vehicles are [OBD II-equipped](#). These vehicles require a Scantool or other [OBD II-capable tester](#).
- The GM Code Scanner can also retrieve Antilock Brake System (ABS) codes from certain GM vehicles.
- Refer to the tables below for compatibility information on your specific car, truck or van.
